

How it works

Open your vehicle's door and fold the transfer board down. Once transferred onto the unit, use the retractable support arm for safety and balance while you ride up to the driver's seat.

Features

- Keep your original seat
- All seat adjustment functions remain operational
- Seat back reclines completely
- Removable transfer board allows easy access for others

Specifications

- Maximum capacity: 275 lbs
- Transfer board size: 15³/₄" × 17"
- Lowers to the height of vehicle floor and can be stopped at any height
- Seat covered with vinyl surface and slight cushioning

ASENTO

Motorised transfer board

Unique & versatile

The XL-SEAT and ASENTO are intended for the driver and front passenger positions with no structural modification to your vehicle.

The XL-SEAT and the ASENTO are unique, versatile products that share the same notable features and specifications.

A winning team

If your vehicle of choice is a minivan, the ASENTO can be paired with the SPEEDY-LIFT.

The XL-SEAT offers two solutions to get your wheelchair into your minivan via the sliding door: the HI-LIFT or the SPEEDY-LIFT.

Adaptive equipment

Our products qualify as adaptive equipment and are eligible for reimbursement under the terms of Mobility programs offered by various vehicle manufacturers.

Due to the diversity of mobility solutions available to you, please contact your local mobility dealer for a personalized evaluation and overview of options tailored to your needs.

About us

We take our customers' safety very seriously. We are dedicated to manufacturing quality mobility equipment. Our products undergo a strict certification process.

Certification of our products involves different tests such as: crash testing, cycle testing and weight capacity testing. We are proud to offer a line of products that exceed the industry's standards.
